

Tamarron Homeowner's Association, Inc.

Parking Policy

Implemented March 12, 2014

Statement – The cul-de-sacs within Tamarron are shared driveways that are owned and governed by the Association. The shared driveways are intended to be used by homeowners to access their property, they are not intended to be used for parking.

Procedures – When a vehicle is parked in the cul-de-sac on a regular basis, a written letter will be sent to the homeowners notifying them that the vehicle must be parked elsewhere.

If the vehicle continues to park in the cul-de-sac, a parking violation warning will be placed on the vehicle. The owner of the vehicle will have 72 hours to move the vehicle and park elsewhere. Any time after the 72 hours, the vehicle will be subject to being towed at the vehicle's owner's expense. The vehicle will not receive subsequent notices and can be towed multiple times.
